Key Staff	Robert Bombino

Project Description

- Size: 3 schools
- Use/Occupancy: School
- Exterior wall assemblies are a combination of glass and structural masonry.
- Roofs are PVC and standing seam metal panels.
- McCarthy retained RDH to provide risk analysis of the building enclosure as an independent review of the design and construction teams' efforts.
- RDH worked hand-in-hand with McCarthy and Orcutt Winslow to provide enhance envelope detailing to achieve overall betterment the enclosure assemblies.
- Our services included meetings on site with the design and construction teams, drawing and specification review, and written documentation of recommendations.
